ASPEN EBOOK CENTER

Most ASPEN books are available in eBook format. When you purchase an ASPEN eBook, you can access them at the ASPEN eBook Center.

Download the ASPEN eBook app from the App Store or Google Play to read them on your phone or tablet. Don’t have a mobile device? Then download the iPublishCentral reader to read offline on your PC.

Learn more at: publications.nutritioncare.org

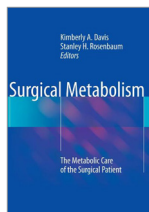

The screenshot shows the ASPEN eBook Center website. At the top, there is a search bar and a login button. A prominent banner for the 'ASPEN 2021 NUTRITION SCIENCE & PRACTICE CONFERENCE' is displayed, featuring the date 'MARCH 20-23, 2021 | VIRTUAL CONFERENCE' and the theme 'Keep Up With Clinical Nutrition Research and Practice'. A 'REGISTER NOW & SAVE \$70' button is also visible. Below the banner, there are links for 'CUTTING-EDGE RESEARCH', 'EVIDENCE-BASED CLINICAL UPDATES', and 'NETWORK WITH EXPERTS'. A section titled 'Click any of these buttons to download the ASPEN eBook App' includes icons for the App Store, Google Play, and iPublishCentral. A list of eBooks is shown, including 'Adult Nutrition (4)', 'Enteral Nutrition (3)', 'Malnutrition (4)', 'Parenteral Nutrition (5)', 'Pediatric Nutrition (5)', and 'Physical Exams (4)'. Two large '3' icons represent the ASPEN Adult and Pediatric Nutrition Support Core Curricula. A detailed description for 'The ASPEN Adult Nutrition Support Core Curriculum, 3rd Edition (Print+eBook Bundle)' is provided, listing editors and a brief overview of the book's content.

2021 ASPEN Comarketed Book Catalog

Keep up to date with the latest medical books relevant to clinical nutrition available at the ASPEN online store at www.nutritioncare.org/store. This collection was curated by ASPEN's Publications Review Committee.

DISEASE-SPECIFIC

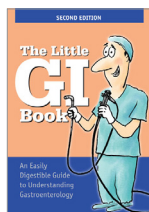

Surgical Metabolism: The Metabolic Care of the Surgical Patient, 2nd Edition

This book covers a wide array of metabolic topics involving surgical patients under acute and chronic care. Detailed explanations for alterations in metabolic pathways are provided, e.g., related to insulin and growth hormone, fat, carbohydrate, and protein. ©2020

Member Price: \$127.99
Non-Member Price: \$159.99

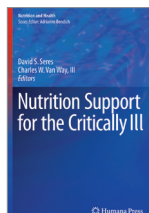

The Little GI Book: An Easily Digestible Guide to Understanding Gastroenterology

This affordable book extends and complements information provided in ASPEN titles on adult patients. It covers basic anatomy and physiology of the GI tract (from the esophagus to the rectum) with chapters on the liver, gallbladder and the pancreas, then goes on to discuss diseases and treatments. ©2020

Member Price: \$96.50 **ON SALE!**
Non-Member Price: \$34.95

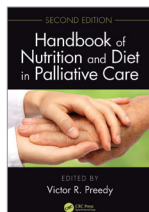

Nutrition Support for the Critically Ill

Edited by two ASPEN members, this text provides a review of the current knowledge in both the mechanics of nourishing the critically ill and the metabolic and immunological roles of nutrients. ©2016

Member Price: \$126.99
Non-Member Price: \$149.99

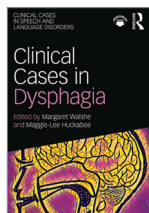

Handbook of Nutrition and Diet in Palliative Care, 2nd Edition

A comprehensive guide, providing needed information on nutrition and diet to care for terminal patients and others needing palliative care, including nutrition support. ©2019

Member Price: \$147.95
Non-Member Price: \$184.95

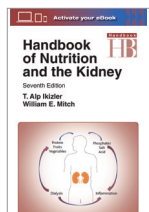

Clinical Cases in Dysphagia

Written by experts in speech pathology, this book offers clinicians valuable insights to better understand the varied presentation and management of dysphagia across a range of different conditions. ©2019

Member Price: \$26.95
Non-Member Price: \$29.95

Handbook of Nutrition and the Kidney, 7th Edition

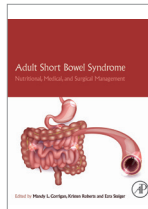

Every print copy includes an access code for an ebook, both providing practical and clinically relevant information for addressing the nutritional needs of patients with acute and chronic kidney disease. ©2018

Member Price: \$53.59
Non-Member Price: \$66.99

SHORT BOWEL SYNDROME

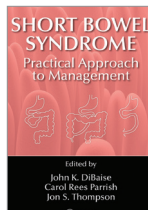

Adult Short Bowel Syndrome

A practical guide to the care of complex patients with short bowel syndrome. Readers will appreciate the many figures and tables and the case study examples offered in several chapters. ©2019

Member Price: \$100.00
Non-Member Price: \$125.00

Short Bowel Syndrome: Practical Approach to Management

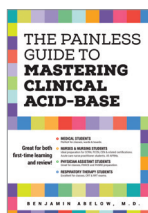

This book discusses medical and surgical treatments, and includes practical approaches to both in-patient and home nutrition support. ©2016

Member Price: \$140.00
Non-Member Price: \$129.95 **ON SALE!**

GENERAL REFERENCE

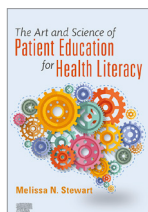

The Painless Guide To Mastering Clinical Acid-Base, 1st Edition

This book introduces basic information (eg., buffers and acid-base physiology) and provides in-depth discussion on various acid-base disorders. Well-illustrated with many "call-out" text boxes summarizing important points. ©2016

Member Price: \$15.96
Non-Member Price: \$19.95

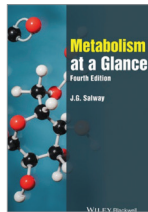

The Art and Science of Patient Education for Health Literacy

Gain knowledge in how to approach different patients so you can better communicate needed information and accommodate their educational needs, including a better understanding of the emotional states you encounter and the grieving process. Supplement your teaching and mentoring using the tools and key points in each chapter. ©2020

Member Price: \$51.95
Non-Member Price: \$64.95

Metabolism at a Glance, 4th Edition

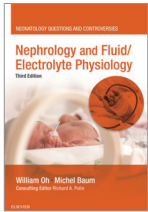

This large format book presents colorful, easy-to-follow pathways on energy, carbohydrates, fat, amino acids, and steroids. ©2017

Member Price: \$41.60
Non-Member Price: \$52.00

PEDIATRICS

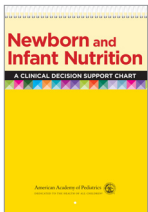

Nephrology and Fluid/Electrolyte Physiology, 3rd Edition

This book offers trustworthy guidance on up-to-date diagnostic and treatment options in the field of neonatology. Renowned experts address the clinical problems of greatest concern to today's practitioners, helping you handle difficult practice issues and provide optimal, evidence-based care to every infant in your practice. ©2019

Member Price: \$71.99
Non-Member Price: \$89.99

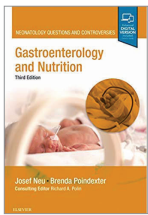

Newborn and Infant Nutrition: A Clinical Decision Support Chart

A handy resource for point-of-care decision tools based on AAP policy for nutrition of newborns and infants. Includes formula feeding, parenteral nutrition, complementary feeding, nutrient deficiencies, growth and more. ©2020

Member Price: \$35.95
Non-Member Price: \$44.95

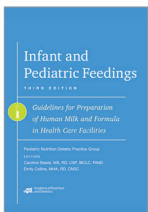

Gastroenterology and Nutrition, 3rd Edition

This book highlights the challenging aspects of neonatal care and provides guidance on up-to-date diagnostic and treatment options. ©2019

Member Price: \$76.49
