

**ASPEN Nutrition Science & Practice Conference 2019
Faculty and Planner Disclosure Information**

ASPEN provides continuing education to physicians, pharmacists, nurses and dietitians. In support of improving patient care, The American Society for Parenteral and Enteral Nutrition (ASPEN) is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team. ASPEN is also accredited by the Commission on Dietetic Registration (CDR). *ASPEN* adheres to the ACCME's Standards for Commercial Support to ensure that all educational programs are balanced, evidence-based, and free from commercial influence. In compliance with these requirements, ASPEN must obtain and report disclosures of any relationships with commercial interests that are *relevant to the content of the program from all participants in the educational process*, which may include but is not limited to authors, moderators, speakers, and committee members.

ABSTRACT AUTHORS

(Authors of Abstracts Including Discussion of Off-Label Use of a Product are Denoted with an Asterisk *)

The following individuals in the educational process **have one or more relationships with commercial interests** to disclose. ASPEN assumes that any relationship with a commercial interest has the potential to create a conflict of interest and takes steps to resolve those conflicts.

Key for methods of conflict resolution

- A. *Conflict resolved through peer review methodology*
- B. *Conflict resolved through altering the topic so that it does not include practice recommendations, but addresses only the evidence-based science.*
- C. *Conflict resolved through included practice recommendations being based on formal structured review of literature and must state inclusion and exclusion criteria*
- D. *Conflict resolved from individual voluntarily not taking part in the planning of a particular educational activity*
- E. *Conflict resolved through individual altering the topic so that the focus is not on a product or service of the commercial interest with whom I have a relationship*
- F. *No apparent conflict, content or role not related to established relationship with commercial entity*

SPEAKERS AND PLANNERS WITH COMMERCIAL DISCLOSURES

(Speakers Including Discussion of Off-Label Use of a Product are Denoted with an Asterisk *)

The following individuals in the educational process **have one or more relationships with commercial interests** to disclose. ASPEN assumes that any relationship with a commercial interest has the potential to create a conflict of interest and takes steps to resolve those conflicts.

Key for methods of conflict resolution

- A. *Conflict resolved through peer review methodology*
- B. *Conflict resolved through altering the topic so that it does not include practice recommendations, but addresses only the evidence-based science.*
- C. *Conflict resolved through included practice recommendations being based on formal structured review of literature and must state inclusion and exclusion criteria*
- D. *Conflict resolved from individual voluntarily not taking part in the planning of a particular educational activity*
- E. *Conflict resolved through individual altering the topic so that the focus is not on a product or service of the commercial interest with whom I have a relationship*
- F. *No apparent conflict, content or role not related to established relationship with commercial entity*
